

JEWELLERY AND EARRING POLICY

St. John's Sunshine Pre School believes in being inclusive of all children and that their personal safety is paramount. We therefore recommend that children refrain from wearing any jewellery whilst attending the Pre School.

We fully understand that some religions require children to wear certain types of jewellery and we are happy for your child to wear these religious articles but we do ask that you make us aware of these.

If parents want their child to wear earrings into Pre School we ask that the child only wears studs under no circumstance will your child be allowed to wear hooped or dangly earrings whilst at Pre School.

Any parent or guardian who wishes their child to wear Jewellery to Pre School for any reason will be expected to sign the attached form prior to leaving the child at the setting.

I:
.....

being the parent or legal guardian of

.....

hereby accept full responsibility of any injury caused to said child because of consequence of wearing of earrings or jewellery.

I have had it brought to my attention the dangers of my child wearing earrings or jewellery whilst at the Pre School and realise that even under the most careful supervision, there is a risk of injury to my child for example through an earring being caught and resulting in the tearing of the earlobe.
